

DONATION – Alpro Social Fund

Thank you for your gift!

The Alpro Social Fund was launched on 8 March 2013 and will divide all collected funds over first en foremost internal initiatives for Alpro employees and their family who, due to circumstances experience financial difficulties or, for lack of financial resources, miss out on opportunities and risk, to a lesser or greater degree, to become excluded from society.

On the other hand, the Fund will also consider external projects of organizations/NPO's in which Alpro employees or members of their family are themselves as a volunteer, directly and actively involved or in which the local Alpro company is directly and actively involved. These are preferably organizations/NPO's operating within the direct vicinity of the ALPRO establishments.

You can wiretransfer your gift to the account of the Alpro Social Fund within the King Baudouin Foundation. Below you find the bank details per country of transfer :
