

## A selection of projects of the past years

### Reddingsorganisatie Vlaanderen: training SAR teams

Thanks to Rebecca van Hove

A donation of € 5,000

Reddingsorganisatie Vlaanderen trains dogs and handlers to become SAR (Search & Rescue) teams that can be deployed to help find missing people. Together with their handlers, the dogs learn to search for and identify victims, both alive and dead. Experienced and certified instructors teach the courses using dog-friendly, positive methods. Support from the Alpro Social Fund was used to purchase materials and rent training facilities for training the SAR teams.

### KOC Sint-Gregorius Gentbrugge: Gregorius on the move

Thanks to Stephanie De Vriese

A donation of € 4,000

KOC Sint-Gregorius is a facility for children and youths with a disability. The campus has two schools for special education and a multifunctional centre. Support from the Alpro Social Fund helps to realise their "Gregorius on the move" project promoting "reverse inclusion": children and youths with a disability must get equal chances in society (inclusion), but society must also be welcome on the campus. They would like to build a sustainable outdoor area where children and youths with a disability have a chance to relax and get some exercise as well as meet others and welcome society with open arms.

### Therapeutic farm Suskewiet Zwalm: handy, creative Suskewieters

Thanks to Jan Van Cauwenberghe

A donation of € 1,388

Suskewiet is a therapeutic farm in a quiet green environment that offers daily and leisure activities to both children and adults with an intellectual disability and/or an autism spectrum disorder. Activities range from simple farm tasks to creative ateliers, cooking ateliers, treasure hunts and games. The support from the Alpro Social Fund helps to further expand the activities offered at the farm.

### De Branding: purchase of a weighted blanket

Thanks to Hannelore Coussement

A donation of € 675

De Branding offers various types of daily assistance, living assistance and individual assistance in the region of South-West Flanders for adults with a mild intellectual disability as well as people with a severe intellectual disability or multiple disabilities. De Branding wishes to contribute to the self-development and quality of life of these people. With the support from the Alpro Social Fund they have purchased a weighted blanket, which helps to relax the nervous system and contributes to better sleep.

## Together we can make a difference

### The Alpro Social Fund

We all know that Alpro employees have their heart in the right place. And that our dedication to both people and the planet continues well after working hours. Which is why the Alpro Social Fund managed by the King Baudouin Foundation, offers support for sustainable, social projects **in the vicinity of the Alpro facilities** in Belgium, France, the Netherlands, UK and Germany, projects in which **Alpro employees or their families are actively involved**. **External projects** in which you are not **active yourself** but that appeal to you because they help people in need can also be considered if you provide a good motivation.

Will your association or initiative be the next to receive financial and/or material support? As of April 26th until May 9th 2021 you can send in your projects for consideration.

### An external project: most important criteria

1. The project must be submitted by an employee who has been with Alpro for at least 6 months or a retired former Alpro employee.
2. The project should be carried out by an association with a clear humanitarian or social objective in the vicinity of an Alpro establishment.
3. You or one of your family members must be personally and actively involved as volunteers for at least one year at the association.
4. Exceptionally, external projects in which you are not active yourself but that appeal to you because they help people in need can also be considered if you provide a good motivation.
5. The project should be small in scale and concrete in nature. The social objectives should be clear and those who benefit from them should have a face.
6. The support will consist of max. EUR 5,000 for a project in which you (or a family member) are actively involved and max. EUR 3,000 for a project in which you are not directly involved. You will have to report details of how Alpro Social Fund's money was spent.
7. For one and the same association, a maximum of three new projects may be submitted.

### Help choose the winners

Vote for your most worthy cause between May 18th and May 30th 2021 via:

- [www.alprosocialfund.com](http://www.alprosocialfund.com), or
- The ballot boxes located in the Alpro buildings

The winners will be determined on the basis of the employee votes (50%) on the one hand and the Alpro Social Fund selection committee on the other hand. The winning projects will be announced end of December 2019.

### An internal project can be submitted all year round

Are you or your family facing difficulties, for example, due to illness, accident or disability? Or is a family member disadvantaged due to financial strains? Then you can apply for financial or material support **at any time and with full anonymity** in the framework of an internal project (for clarity, no payment of debts). For more info visit [www.alprosocialfund.com](http://www.alprosocialfund.com), see your HR officer or mail us via [alprosocialfund@alpro.com](mailto:alprosocialfund@alpro.com)

You can also contribute to the Alpro Social Fund.
